My baby love..... My baby love

She's the girl in the red blue jeans

She's the queen of all the teens

She's the woman that I know

She's the woman that loves me so

Be bop a lula she's my baby

Be bop a lula I don't mean maybe

Be bop a lula she's may ba - - -by love

My baby love..... My baby love

Well she's the one that gots that beat

She's the one with the flying feet

Well she's the one that walks around the store

She's the one that gets more more more

Be bop a lula she's my baby

Be bop a lula I don't mean maybe
